

# Financial & Homeownership Education Team of Michigan State University Extension (MSUE)

February 29, 2016

"The Financial & Homeownership Education Team of Michigan State University Extension (MSUE) has adopted the National Industry Standards for Homeownership Education and Counseling (NISHEC). This helps provide best practices and consistency within our team of 17 counselors, which reaches 83 counties state wide. As NISHEC's spectrum broadens to reach more individuals in the community, so does MSUE's outreach. We focus on education with topics including Pre-Purchase, Foreclosure Prevention, Post Foreclosure, and Financial Capabilities. NISHEC provides support to MSUE's focus to empower our communities to live safe, healthy and financially stable lives."
